

## Instructions for Océ ColorWave® 600 Printers:

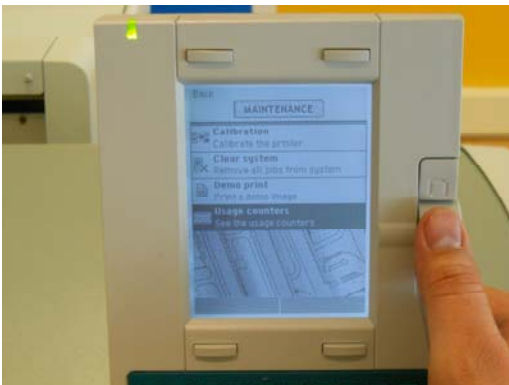

1. Facing the front of the machine, at the “Home” menu screen on the User Interface push the button in the lower left hand corner directly beneath the word “System.”

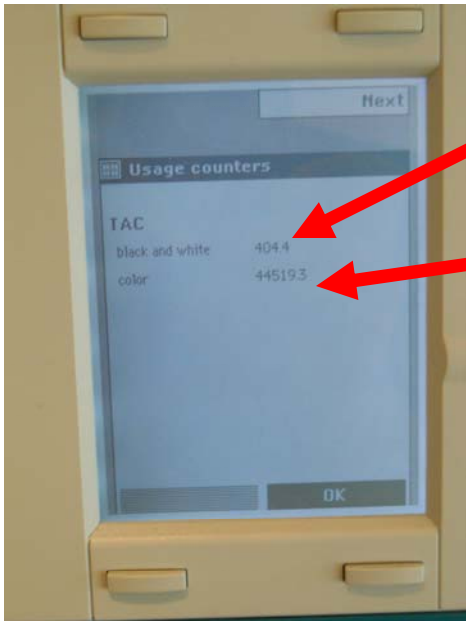

2. At the “System Screen, push the button in the top left corner above the word “Maintenance.” This will take you directly to the Maintenance Menu.

3. In the Maintenance Menu, use the scroll knob at the right of the interface to scroll down to the “Usage Counters” menu choice, and then press the enter key directly above the scroll knob.

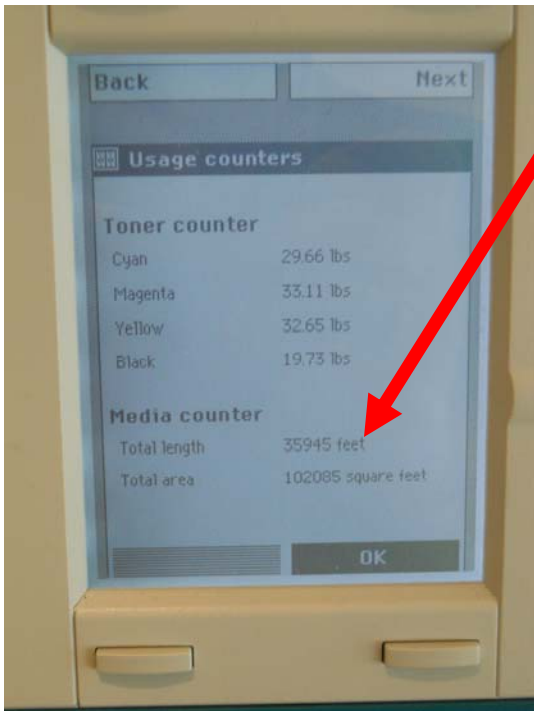

- The first screen to come up contains the TAC B&W and Color Counters. Press the button at the top right corner of the screen above "Next." In the next screen you will find a "Toner Counter" and a "Media Counter." Your billable meter (Meter B) should be the "Total Area" meter given in square feet. Please check you Customer Agreement to verify that your billing is set up for square feet before reporting this meter.

**TAC (Alternate Meters)**
